

Additional Instructions for mailing your package

- Ensure that there are no other tracking labels attached to your package. If you are shipping a non-hazardous item, completely remove or cover any hazardous materials markings.
- Affix the mailing label using clear plastic shipping tape over the entire label and squarely onto the address side of the parcel, covering up any previous delivery address and barcode without overlapping any adjacent side.
- Take this package to a UPS location. To find your closest UPS location, visit the [UPS Drop Off Locator](#) or go to www.ups.com.

Instructions from Central Texas Aviation Group

- Greetings,

You're welcome to return the item. We've noted there is no issue with the item but rather it is simply no longer desired.

Please ship to us at:
Central Texas Aviation Group
1910 Old Georgetown Rd
Taylor, Texas 76574

Please include a copy of the packing sheet with the return!

A return for non-defect as indicated in this request is credit for product only less any additional cost in actual shipping charge from what was charged in the original order. A restocking fee may be charged but shall not exceed \$250.00 for a line item's extended cost. The rate may depend on the timeliness of return and other associated costs. Shipping expense and charges are not credited. All cost of outbound shipping charges and packaging will be deducted. Returns outside of thirty days may be refused. If return is accepted they are subject to additional scrutiny. No credit shall be issued if wear and tear is documented.

Software disk packages must be in their original seal or shrink wrap and software codes must be unregistered with the publisher. Software used from book access must not be registered and in original shrink wrap. Books must be in original shrink wrap which means they must not show creases in the spine. Creases in a book spine will be considered return of a used product. Some items may have a tamper-proof sticker attached. This sticker must not be removed or broken. Attempted removal will reflect "VOID" remaining on the wrapping.

Items such as plotters, mechanical computers and the like which are delivered in sealed, clear packaging must be in the original, sealed packaging and show no sign of wear.

Other items such as view limiting devices which may need to be tried on for their

value as a training tool must have the entire packaging with bag, tabs and documentation included in their return.

Lubricants and sealants must be in original condition without indentation or any appearance of use. Lubricants without a permanent seal are not returnable. The packaging must be in new condition. Indication of broken seals (where applicable) will not be refunded. Lubricants and sealants will not be accepted forty-five days beyond the purchase date.

Pilot shirts and other clothing and accessories must be properly folded and in their original packaging. The attached disclaimer tag with our logo MUST be attached with its colored tie.

Regards,

Central Texas Aviation Group
